

Ashoka Europe Fellowship Program

The **co-learning** and **co-creation** community of Europe's leading changemakers.

In a nutshell: The Ashoka Europe Fellowship Program is a co-learning and co-creation community to leverage Ashoka's local and global experience, resources and networks in order to advance social entrepreneurship and changemaking for the good of all - across the continent.

The goal: We are working towards a world where everyone can be a changemaker and we want to empower social innovators in Europe to thrive and be impactful (system) change leaders.

Who can participate?

Ashoka Fellows, Ashoka Support Network Members, Ashoka Young Changemakers, Ashoka Staff, Partners of Ashoka, Change Leaders in Education - also open to other interested change leaders and key players in the social entrepreneurship ecosystem, media, business and academia in Europe.

Why you should participate?

You are committed to advance the social entrepreneurship movement for system change, regardless of the role you play in the ecosystem of change.

CO-LEARNING
The Ashoka Europe Fellowship Program enables a pan-European co-learning space where Ashoka's community comes together to learn about the cutting-edge topics in social entrepreneurship and changemaking through online webinars, courses and workshops.

ECOSYSTEM
Social entrepreneurs in Europe need pan-European infrastructures of support. We want to inspire new multistakeholder initiatives for the burning needs of the social entrepreneurship sector in Europe. We offer resources, gatherings and workshops.

COLLECTIVE IMPACT
We enable spaces for Ashoka's community to co-create pan-European initiatives that address Europe's most pressing challenges by hosting labs to develop new collaborations and collective impact initiatives. We offer resources, gatherings and workshops.

"The program helped me realize at what stage our project is and how to face system change through collaboration with other change leaders."
