

Ashoka Europe Fellowship Program

The **co-learning** and **co-creation** community of Ashoka's leading changemakers.

The Ashoka Europe Fellowship Program is a co-learning and co-creation community to leverage Ashoka's local and global experience, resources and networks in order to advance social entrepreneurship and changemaking for the good of all.

We connect Ashoka Fellows & their leadership teams, Ashoka Support Network (ASN) members, Partners of Ashoka, Ashoka Young Changemakers, Ashoka Staff, Change Leaders and key players in the media, business and academia ecosystems to learn from one another and aim for systems change in co-creative ways.

We have three key pillars:

CREATE CO-LEARNING SPACES

1

We create co-learning spaces where Ashoka's community comes together to practice and share the most impactful and effective tools and ideas that support change leaders in their efforts to shift systems. This space is specifically designed for Ashoka Fellows and their Leadership teams from all over the world. The space is shared with other members of the Ashoka community.

ADVANCE OUR ECOSYSTEM

2

We work with key players across sectors to create an enabling environment for social entrepreneurship as a force for systems change. Together we create spaces to exchange knowledge, learn together, and collaborate on solutions that advance the field social entrepreneurship.

IGNITE COLLECTIVE IMPACT

3

We mobilize and connect Ashoka's community to co-create initiatives that address the world's most pressing challenges. We design meaningful engagement journeys for the community to support them to align, connect, learn and co-create solutions.

Ashoka Europe Fellowship Program

The **co-learning** and **co-creation** community of Ashoka's leading changemakers.

*"Excellent partition between theory, questions, and exercises.
Great idea to match ASN members with Ashoka Fellow and
others."*
